

EC 11 CS

B.A. DEGREE EXAMINATION, NOVEMBER 2017.

First Semester

Economics

TOWARDS UNDERSTANDING ECONOMICS

(2017-18 Batch Onwards)

Time : Three hours

Maximum : 75 marks

SECTION A — (10 × 2 = 20 marks)

Answer ALL questions.

All questions carry equal marks.

1. Define : Scarcity Definition of Economics.
2. What do you mean by Price mechanism?
3. What is price elasticity of demand?
4. Define- Law of supply.
5. What is meant by budget constraint?
6. What is human capital?
7. Define-Short run costs.

8. What do you mean by decision making?
9. What is meant by black income?
10. What is personnel income?

SECTION B — (5 × 5 = 25 marks)

Answer any FIVE questions.

All questions carry equal marks.

11. The object of economic analysis is not merely to discover the truth but also to assist in the solution in concrete problems- Comment.
12. Illustrate with diagram on the market demand schedule for a demand for commodity.
13. What are the investment alternatives for a household? Explain.
14. Describe, briefly, the price effect with the help of indifference curves.
15. Trace out the reasons for Saucer shaped modern average cost curve?
16. Throw light on the marginal controversy in the theory of firm.
17. Describe, briefly, the role of government in a competitive market economy.
18. Explain the different approaches for measuring national income.

SECTION C — (3 × 10 = 30 marks)

Answer any THREE out of Five questions.

All questions carry equal marks.

19. "Economics may be defined as the study of the allocation of scarce resources among competitive ends"- Examine.
20. Educational Planning is the backbone of human capital formation- Discuss.
21. Explain and illustrate the traditional cost curves of a firm in the short run and long run.
22. "The equality of marginal cost and marginal revenue is a condition necessary for equilibrium but it is not by itself sufficient to assure the attainment of equilibrium" - Discuss.
23. What are the main conceptual problems involved in the estimation of GNP? How can they be overcome?

EC 11 CS

B.A. DEGREE EXAMINATION, APRIL/MAY 2018.

First Semester

Economics

TOWARDS UNDERSTANDING ECONOMICS

(2017 – 18 Batch Onwards)

Time : Three hours

Maximum : 75 marks

PART A — (10 × 2 = 20 marks)

Answer ALL the questions.

1. What is information?
2. Distinguish between different economic problems.
3. What is demand?
4. Define shifting supply curve.
5. What is budget?
6. Define Labour supply.
7. Mention few features of perfect market.
8. What is a shape of short run cost curve?
9. Mention the components of macro economy.
10. What is the concept of green income?

PART B — (5 × 5 = 25 marks)

Answer any FIVE questions.

11. Bring out the importance of the study of economics.
12. What are the determinants of demand for a commodity?
13. Explain different types of elasticity.
14. Narrate the significance between choice, leisure and consumption.
15. Briefly describe the factors affecting savings.
16. What are the boundaries of a firm?
17. How does profit and output decide under perfect competition?
18. Explain in brief any two approaches in calculating National Income.

PART C — (3 × 10 = 30 marks)

Answer any THREE questions.

19. Write an essay the economic problems of society.
20. Examine the market demand and supply curves and also indicate the situation of shifting demand and supply curves.

21. How do the households make investment decisions and what are the problems faced by the households in this regard?
22. Describe the features of perfect competition in a market. What is a role of industry and firm under market structure?
23. Assess the various issues in a measurement of National Income.

EC 11 CS

B.A. DEGREE EXAMINATION, NOVEMBER 2018.

First Semester

Economics

TOWARDS UNDERSTANDING ECONOMICS

(2017–18 Batch onwards)

Time : Three hours

Maximum : 75 marks

SECTION A — (10 × 2 = 20 marks)

Answer ALL the questions.

1. What are the main divisions of economics?
2. Give two examples of free goods.
3. Give the meaning of opportunity cost.
4. How Marshall defines elasticity of demand?
5. Differentiate production and consumption.
6. What is budget constrain?
7. Differentiate firm and industry.
8. What are the market forces?

9. Differentiate real income and nominal income.
10. How can you calculate national income?

SECTION B — (5 × 5 = 25 marks)

Answer any FIVE questions.

11. State and explain the concept of economic systems.
12. How is price and income influencing demand?
13. Explain with diagram why supply curve is shifted?
14. Which is determining equilibrium price?
15. Briefly explain why corporations care about financial structure?
16. What are the components of macro economy?
17. What are the issues on measurement of national income?
18. State and explain the concepts of black and green income

SECTION C — (3 × 10 = 30 marks)

Answer any THREE questions.

19. Discuss the nature and scope of economics.
20. Examine movements and shifts in the demand curve.

21. Explain the factors affecting investment.
22. Illustrate the different short run costs and output decisions.
23. Enlighten the role of government in the macro economy.

EC 11 CS

B.A. DEGREE EXAMINATION, APRIL/MAY 2019

First Semester

Economics

TOWARDS UNDERSTANDING ECONOMICS

(2017 – 2018 Batch Onwards)

Time : Three hours

Maximum : 75 marks

SECTION A — (10 × 2 = 20 marks)

Answer ALL questions.

1. What is meant by property rights?
2. Why study economics?
3. Define market.
4. State the law of supply.
5. What is budget constraints?
6. State the meaning of perfect competition.
7. Distinguish between elastic and inelastic demand.
8. What is mixed economy?

9. Give the meaning of micro economics.

10. What is national income?

SECTION B — (5 × 5 = 25 marks)

Answer any FIVE questions.

11. Explain the wealth definitions of economics.

12. Discuss the features of monopolistic competition.

13. What are the components of macro economics?

14. Explain the AC, MC and TC.

15. Explain the different types of elasticity of demand.

16. Describe the concept of black and green income.

17. Mention various factors affecting investment function.

18. What are the factors affecting pricing system?

SECTION C — (3 × 10 = 30 marks)

Answer any THREE questions.

19. Evaluate price effect under Indifference curve analysis.

20. Educational planning is the backbone of Human capital formation – Discuss.

21. Examine the various methods and its problems in measuring national income.

22. Discuss the role and importance of marketing to a firm and to society.

23. Explain the nature and scope of economics.

EC 11 CS

B.A. DEGREE EXAMINATION, FEBRUARY 2023.

First Semester

Economics

TOWARDS UNDERSTANDING ECONOMICS

(From 2017-2018 batch onwards)

Time : Three hours

Maximum : 75 marks

SECTION A — (10 × 2 = 20 marks)

Answer ALL questions.

1. What is scarcity?
2. What do you understand by rationing?
3. Define demand.
4. What is elasticity of supply?
5. Define tax.
6. What do you mean by labour force?
7. What is firm?
8. State the concept of cost.

9. Define micro economics.

10. What is black money?

SECTION B — (5 × 5 = 25 marks)

Answer any FIVE questions.

11. Explain the scope of economics.

12. What is the necessity of studying economics?

13. Describe the market demand Vs individual demand.

14. How do you derive the supply curve?

15. Write a note on budget constraints.

16. Mention the boundaries of the firm.

17. Analyse the issues on measurement of national income.

18. Discuss the methodology of macro economics.

SECTION C — (3 × 10 = 30 marks)

Answer any THREE questions.

19. Analyse the concepts of what to produce, how to produce and how to distribute output.

20. Discuss the elasticity of demand and its applications.

21. Critically examine the choice between leisure and consumption.

22. Describe the behavior of profit maximizing firms.

23. Briefly explain the role of government in the macro economy.

21. From the prices of shares of x and y below find out which one is more stable

X	35	54	52	53	56	58	52	50	51	49
Y	108	107	105	105	106	107	104	103	104	101

Calculate co-efficient of variation.

22. Describe the properties and uses of the study of correlation.

23. Obtain two regression equations for the given data. Estimate X when $Y = 20$ and estimate Y when $X = 100$.

X	10	12	13	12	16	15
Y	40	38	43	45	37	43

EC 12 CS

B.A. DEGREE EXAMINATION, NOVEMBER 2017.

First Semester

Economics

STATISTICAL METHODS - I

(2017-18 batch onwards)

Time : Three hours

Maximum : 75 marks

SECTION A — (10 × 2 = 20 marks)

Answer ALL the questions.

All questions carry equal marks.

1. What do you mean by tabulation of data?
2. What is meant by census method of data collection?
3. What do mean by Geometric mean?
4. Define - Arithmetic mean.
5. What do you mean by Dispersion?
6. Define - Standard deviation.
7. Define - Correlation.

8. Define - Spearman's Rank correlation.
9. Define - Regression.
10. If regression co-efficient x on y is 0.9 and y on x is 0.4, find the correlation coefficient.

SECTION B — ($5 \times 5 = 25$ marks)

Answer any FIVE questions.

All questions carry equal marks.

11. Explain the mechanics of constructing pie charts for percent and absolute data.
12. What are the objectives of averaging? Explain.
13. Calculate mean deviation from the following series.

Size	2	4	6	8	10	12	14	16
Frequency	2	2	4	5	3	2	1	1

14. Briefly explain the various methods of calculating standard deviation in discrete series.
15. Calculate Karl-Pearson's co-efficient of correlation for the given data :

X	6	2	10	4	8
Y	9	11	5	8	7

16. Illustration- Two persons were asked to rank 7 different types of pens. The rank given by them are as follows.

Pens	A	B	C	D	E	F	G
Person 1	2	1	4	3	5	7	6
Person 2	1	3	2	4	5	6	7

Calculate Spearman rank correlation coefficient.

17. Analyse the difference between correlation and regression.
18. Illustration: in a correlation study the following values are obtained:

	X	Y
Mean	35	85
Standard Deviation	11	8
Coefficient of correlation	0.66	

Find the regression equations of Y on X .

SECTION C — ($3 \times 10 = 30$ marks)

Answer any THREE questions.

All questions carry equal marks.

19. What are the general rules to be observed while constructing diagrams? Explain.
20. The mean of two observations is 127.5 and their geometric mean is 60. Find the two observations and their harmonic mean.

22. Find out the coefficient of correlation from the following data.

X	44	46	46	48	52	54	54	56	60	60
Y	36	40	42	40	42	44	46	48	50	52

23. From the following data obtain the two regression equations.

X	1	2	3	4	5	6	7	8	9
Y	9	8	10	12	11	13	14	16	15

EC 12 CS

B.A. DEGREE EXAMINATION, NOVEMBER 2018.

First Semester

Economics

STATISTICAL METHODS – I

(2017-2018 batch onwards)

Time : Three hours

Maximum : 75 marks

SECTION A — (10 × 2 = 20 marks)

Answer ALL the questions.

1. Give two examples of primary data
2. What is frequency distribution?
3. Point out two types of average
4. What is class interval? And give example
5. Differentiate symmetrical distribution and skewed distribution.
6. What is the formula for coefficient of range?

7. Give any two types of correlation.
8. What is bivariate distribution?
9. What is meant by non-linear regression?
10. Define line of best fit.

SECTION B — (5 × 5 = 25 marks)

Answer any FIVE questions.

11. Point out the differences between Primary data and Secondary data.
12. Exemplify different types of tables.
13. Illustrate different types of diagrams.
14. What are the requisites of a good average?
15. Calculate Mean Deviation for the following data.

Size	2	4	6	8	10	12	14	16
Frequency	2	2	4	5	3	2	1	1
16. Point out the differences between Skewness and Kurtosis.

17. Calculate the coefficient rank correlation from the following data :

X	80	78	75	75	68	67	60	59
Y	12	13	14	14	14	16	15	17

18. Point out the differences between Correlation and Regression.

SECTION C — (3 × 10 = 30 marks)

Answer any THREE questions.

19. Discuss the methods of collecting primary data.
20. Calculate mean, median and mode for the following data.

Marks	0-10	10-20	20-30	30-40	40-50
No. of students	5	14	29	21	25

Marks	50-60	60-70	70-80	80-90	90-100
No. of students	21	10	7	15	3

21. Calculate standard deviation from the following data :

X	45	50	55	60	65	70	75	80
F	3	5	8	7	9	7	4	7

21. Calculate Bowley's co-efficient of skewness from the following data :

Marks less than :	10	20	30	40	50	60
No. of Students :	8	20	50	75	90	100

22. Calculate the co-efficient of correlation and its probable error.

X:	51	63	73	46	50	60	47	36	60
Y:	49	72	74	44	58	66	50	30	55

23. Compute the appropriate regression equation from the following data :

X:	2	4	5	6	8	11
Y:	18	12	10	8	7	5

EC 12 CS

B.A. DEGREE EXAMINATION, SEPTEMBER 2020.

First Semester

Economics

STATISTICAL METHODS — I

(From 2017-18 Batch Onwards)

Time : Three hours

Maximum : 75 marks

PART A — (10 × 2 = 20 marks)

Answer ALL the questions.

1. What is secondary data?
2. What is cross section data?
3. What is meant by harmonic mean?
4. What is the meaning of frequency distribution?
5. What is co-efficient of variance?
6. Define central moments.
7. What is correlation co-efficient?
8. What is multi-correlation?
9. What is regression?
10. What is BLUE?

PART B — (5 × 5 = 25 marks)

Answer any FIVE of the following questions.

11. What are the types of tabulation?
12. Calculate the arithmetic mean of the following data by :

- (a) Direct method
- (b) Short cut method.

5 10 15 20 30 40 50 30

13. Compute the co-efficient of quartile deviation :

Marks :	0-10	11-20	21-30	31-40
No. of Students :	3	9	12	20

Marks :	41-50	51-60	61-70	71-80
No. of Students :	8	6	6	5

14. The length and weight of 5 items are given below. Compute the value of the co-efficient of correlation.

Length (inches) : 3 4 6 7 10

Weight (ounces) : 9 11 14 15 15

15. What are the properties of regression co-efficients?

16. What are the rules for drawing diagrams?
17. Briefly describe the methods of measuring central tendency.
18. Why is standard deviation more used than mean deviation?

PART C — (3 × 10 = 30 marks)

Answer any THREE of the following questions.

19. From the data, given below, draw histogram, frequency curve and frequency polygon.

Classes :	0-5	5-10	10-15	15-20
f :	8	12	15	20

Classes :	20-25	25-30	30-35
f :	16	11	7

20. The monthly incomes of 10 families in rupees, in certain locality are given below :

Family :	A	B	C	D	E	F	G	H	I	J
Income :	85	70	10	75	500	8	42	250	40	36

Calculate the mean, geometric mean and the harmonic mean. Which of the above three averages represents the above figure best?

17. Economic planning influence the educational system in a country – Discuss the statement with special reference to India.
18. What are the major Determinants of health? Explain.
19. Discuss the trade off between environmental degradation and per capita income. Suggest policy measures in tackling the environmental degradation.
20. Explain the various policy instruments by the government of India for environmental protection.

ECA 11 CS

B.A. DEGREE EXAMINATION, NOVEMBER 2017.

First Semester

Economics

ECONOMICS OF SOCIAL SECTOR AND ENVIRONMENTAL ISSUES

(2017-18 batch onwards)

Time : Three hours

Maximum : 75 marks

SECTION A — (10 × 2 = 20 marks)

Answer ALL questions.

All questions carry equal marks.

1. Define - Environmental Economics.
2. What is meant by market failure?
3. What do you understand by demand for education?
4. What is human capital?
5. Define- Health economics
6. What is meant by Human life value?

7. Define - Sustainable development.
8. What do you understand by environmental degradation?
9. What is the main objective of the Water (Prevention and control of Pollution) Act 1974?
10. Define-Environmental Law.

SECTION B — (5 × 5 = 25 marks)

Answer ALL questions.

All questions carry equal marks.

11. (a) Illustrate the multidimensional character of Environmental Economics.

Or

- (b) Describe, briefly, the significance of social sector.

12. (a) Elucidate the major determinants of demand for education.

Or

- (b) Analyse the relative merits for the cost and benefit analysis of education.

13. (a) Critically analyse the institutional issues of healthcare delivery.

Or

- (b) Give a critical appraisal of health care financing in India.

14. (a) Discuss "moral suasion" as an approach to control pollution.

Or

- (b) "Environmental degradation is due to water, noise and air pollution"- Discuss the statement in brief.

15. (a) Discuss the main features of the Environment (Protection) Act 1986.

Or

- (b) Discuss the Provisions contained in the Water (Prevention and Control of Pollution) Act 1974.

SECTION C — (3 × 10 = 30 marks)

Answer any THREE questions.

All questions carry equal marks.

16. "Economic development should accompany with social sector development for nation building" - Discuss.

ECA 11 CS

B.A. DEGREE EXAMINATION, APRIL/MAY 2018.

First Semester

Economics

ECONOMICS OF SOCIAL SECTOR AND
ENVIRONMENTAL ISSUES

(2017 – 18 Batch Onwards)

Time : Three hours

Maximum : 75 marks

PART A — (10 × 2 = 20 marks)

Answer ALL the questions.

1. What is the meaning of equity?
2. What is entropy?
3. Define Human Capital.
4. Mention the factors causing market failure.
5. State the features of health economics.
6. What is meant by Life value?
7. What is pollution?

8. What is meant by sustainable development?
9. What are the elements of environment?
10. What is meant by Fiscal Incentives?

PART B — (5 × 5 = 25 marks)

Answer any FIVE of the following questions.

11. Explain the role of social sector in economic development.
12. Explain the material balance principle.
13. What are the components of Human Capital?
14. What are the reasons for poor health?
15. Explain growth of environmental degradation.
16. What measures have been taken by the government to stop environmental degradation?
17. What are the sources of air pollution?
18. What efforts have been taken by the government to control pollution?

PART C — (3 × 10 = 30 marks)

Answer any THREE of the following.

19. What is market failure? How it will affect the price system? Explain it with suitable example.
20. How can you determine the demand for education?
21. How can you evaluate the health care system through benefit cost and cost effectiveness approaches?
22. Discuss pollution as an 'Economic Problem'.
23. Discuss various environmental policy measures in India.

ECA 11 CS

B.A. DEGREE EXAMINATION, FEBRUARY 2023.

First Semester

Economics

ECONOMICS OF SOCIAL SECTOR AND
ENVIRONMENTAL ISSUES

(From 2017-18 batch onwards)

Time : Three hours

Maximum : 75 marks

SECTION A — (10 × 2 = 20 marks)

Answer ALL the questions.

- ✓ 1. What is meant by *social sector*?
2. State the meaning of *market failure*.
- ✓ 3. Define the term *human capital*.
4. Mention any two sources of *educational finance*.
- ✓ 5. Point out the meaning of *Human Life Value*.
6. What is *cost-benefit analysis*?
7. What do you mean by *thermal pollution*?

8. Give any one relevant definition for *sustainable development*.

9. State the purpose of *environmental policy*.

10. Mention the names of *fiscal incentives* for pollution control.

SECTION B — (5 × 5 = 25 marks)

Answer any FIVE questions.

11. Examine the significance of social sector in economic development.

12. What is Environmental Economics? Explain the scope of it.

13. Describe the components of human capital.

14. Examine the nexus between education and labour market.

15. Portray the appraisal of health care financing and its importance

16. Analyse the causes and effects of environmental degradation.

17. Examine the relevance of indicators of sustainable development.

18. Give a critical view on Indian Water Act.

SECTION C — (3 × 10 = 30 marks)

Answer any THREE questions

19. Critically examine the Material Balance Principle with the help of circular flow diagram.

20. Write an essay on educational planning in development countries, with reference to India.

21. Critically examine the cost-benefit analysis in health care financing.

22. Describe the relevance of direct and indirect methods of pollution control.

23. Discuss the evolution of environmental policy in India.

At 3/10/2018
A 2, 5, 11, 17, 20, 1

PACS

B.A. DEGREE EXAMINATION, NOVEMBER 2017.

First Semester

Political Science

INTRODUCTION TO PUBLIC ADMINISTRATION

(2017-18 Batch onwards)

Time : Three hours

Maximum : 75 marks

SECTION A — (10 × 2 = 20 marks)

Answer ALL the questions.

1. Union Territories Act 1963.
2. Decentralization.
3. Citizen Charter.
4. Lt. Governor in Union Territories.
5. C.B.I.
6. NITI Ayog.
7. Social Context of Administration.
8. Henry Foyal's Gangplank.
9. Legal-Rational Authority.
10. Central Vigilance Commission.

SECTION B — (5 × 5 = 25 marks)

Answer any FIVE questions.

11. Discuss the meaning of Public Administration.
12. Assess the relationship of Public Administration with Sociology.
13. Bring out the evolution of Public Administration during British rule in India.
14. Give reasons for conflicts between political and permanent executives.
15. Explain the important features of RTI Act 2005.
16. What are the characteristics of Civil Service? Explain.
17. Examine the role of Central Secretariat.
18. Assess the changing role of the District Collector in District administration.

SECTION C — (3 × 10 = 30 marks)

Answer any THREE questions.

19. Examine the nature scope of public administration.
20. Explain the Woodrow Wilson's theory of politics and administrative Dichotomy.

21. What are the objectives of national commission of Human Rights? How do you assess its role in protecting the Human Rights?
22. Assess the contribution of Max Weber and Luther Gullick to the evolution of public administration.
23. Explain the constitutional Amendment procedures in India with suitable example.

PACS

B.A. DEGREE EXAMINATION, APRIL/MAY 2018.

First Semester

Public Administration

INTRODUCTION TO PUBLIC ADMINISTRATION

(2017-18 batch onwards)

(COMMON PAPER FOR ALL UG COURSES)

Time : Three hours

Maximum : 75 marks

SECTION A — (10 × 2 = 20 marks)

Answer ALL questions.

1. Public Administration.
2. Arthashastra.
3. Bureaucracy.
4. Organization.
5. Cabinet.
6. Niti Ayog.

7. Union Territory.
8. Directorate.
9. Social Audit.
10. Decentralization.

SECTION B — (5 × 5 = 25 marks)

Answer any FIVE questions.

11. Explain the nature of Public Administration.
12. Mention the characteristics of Weber's Bureaucracy.
13. State the role of CBI.
14. Bring out the significance of National Women's Commission.
15. Explain the training methods for Civil Servants.
16. Examine the Powers of UPSC.
17. Explain the Position of Lt. Governor in UT.
18. Write about citizens charter.

SECTION C — (3 × 10 = 30 marks)

Answer any THREE questions.

19. Trace the Evolution of Public Administration in India.
20. Examine the Powers and Functions of CAG.
21. Differentiate Administrative Systems in Union Territories compared to States.
22. Describe the Structure and role of the Ministry of Home Affairs in India.
23. Analyze the changing role of District Collector.

PACS

B.A. DEGREE EXAMINATION, SEPTEMBER 2020.

First/Second Semester

INTRODUCTION TO PUBLIC ADMINISTRATION

(Common for all branches of under graduate courses)

(From 2017-18 batch Onwards)

Time : Three hours

Maximum : 75 marks

PART A — (10 × 2 = 20 marks)

Write short notes on All TEN of the following in about 150 words each.

1. Integral view of Public Administration.
2. Public Administration and Economics.
3. Fayol's elements of Administration
4. Union Government.
5. Structure of a Ministry.
6. UPSC.
7. Directorate.

8. Andaman and Nicobar Island.
9. Citizens Charter.
10. The RTI Act 2005.

PART B — (5 × 5 = 25 marks)

Answer any FIVE of the following not exceeding
250 words each.

11. Explain Max Weber's Bureaucratic theory.
12. Describe Politics - Administration Dichotomy.
13. Discuss the role and functions of cabinet secretariat.
14. Examine the role of CAG.
15. Analyse the changing trend in UT administration in Puducherry.
16. Bring out the administrative powers of Ministry of Home Affairs in supervision Union Territories.
17. Explain the nature of relationship between minister and civil servant.
18. Write a brief note on Social Auditing.

PART C — (3 × 10 = 30 marks)

Answer any THREE of the following in about
1,200 words each.

19. Discuss about the evolution of Public Administration as a discipline.
20. Describe the significance of central vigilance commission in a democratic country like India.
21. Analyse the functions of Departments.
22. Discuss the position of chief secretary as an advisor to the Chief Minister.
23. Examine the significance of Public Private Partnership.

PART C — (3 × 10 = 30 marks)

Answer any THREE questions

16. Delineate the meaning, nature and Scope of Public Administration.
 17. Briefly discuss about the salient features of Indian Constitution.
 18. Critically analyze the ethical values of Civil Services.
 19. Examine the Position and functions of Chief Secretary.
 20. Describe the Chief characteristic features of Right to Information Act, 2005.
